Clinton New Era

Carrier Boy's

Annual = Address.

1899

A merry, merry Christmas and plenty of good cheer,
Is what we wish our readers at this season of the year:
We hope the days of promise and the time that is to come,
Will be seasons of enjoyment in each Canadian home.

We bring your welcome paper, with its columns full of news,
And we hope that you enjoy it for it's clean and honest views,
We have brought it in the sunshine and also in the rain,
And it's altogether likely that we'll bring it still again.

So we doff our hat with pleasure to the friends who have been true,
And we wish them years of plenty and joys both fresh and new;
If in this rhyme there's any thing to give the reader joy,
Just show your approbation to the patient Carrier Boy.
